There is a big difference between the gifts of the Holy Spirit and the fruits of the Holy Spirit.

GIFTS	FRUITS
A gift is an earthly thing given for a spiritual reason.	A fruit is a spiritual thing for a given earthly reason.
We all have different gifts.	We all have the same fruits.
There are lots of gifts—God will give you 1 or 2.	There are only a few fruits—God will give them all to you.
Gifts are part of our methods.	Fruits are intrinsic to our motivations.
Gifts tend to be temporary depending upon your need.	Fruits are lasting and often grown deeper with maturity.
Gifts are primarily for others.	Fruits are primarily for you.
Gifts are given for service.	Fruits are given for holiness.
Gifts without fruits is like the annoying sound of a gong.	There is no such thing as fruits of the Holy Spirit without gifts.
