**Galatians 3:1-9**

The Apostle Paul asks 5 questions that every true seeker must answer.

- 1) What would the deception of Satan look like? Would it point to faith in Jesus alone, or would it point to other things that detract from Christ?
  
- 2) How does one receive the Spirit? Is it by grace through faith or is there a formula that conjures Him up with human effort?
  
- 3) Why would initial salvation come by faith but staying saved would be composed of earthly and religious actions?
  
- 4) Why would you be ostracized for the sake of Christ and then give up faith in Christ alone to be more like the world that condemns you?
  
- 5) How do miracles come about—with a recipe of human attitudes and actions or by simple faith?

The answer to all 5 questions is faith.
