

Shine like Lights, Part 2
“Hit the Switch”
Philippians 2:12-13, 19-24

Last week we noted that:

- Light and darkness are opposite paths.
- It is disobedience that disconnects us from God’s power.
- God gives light through the Word of Life for the present and through the certainty of his return for the future.

The key to understanding the next step in Shining like Lights in the World is “working out your own salvation.”

There are 3 parts of salvation:

- Justification
- Sanctification
- Glorification

“Working out your own salvation” can only apply to sanctification.

What God wants is for you to “hit the switch” and join Him in what He wants to do in your life!

When you embrace God’s will and join in His work, there are 4 things that become true of your life and cause your light to shine.

- You embrace that God created you to be unique.
- Your spiritual life is genuine—not hypocritical.
- You open-heartedly serve others.
- You become a person who is reliable.
