

What Our Country Needs . . . Now 2 Chronicles 7:14

Introduction

- Why are we continually surprised when people, who do not have a relationship with the Lord, act like they do not have a relationship with the Lord?
- Why do we constantly complain about the state of our country and culture, and yet are unwilling to make the necessary changes that will create change?
- Why are we willing to condone the actions of people who claim to have a relationship with the Lord, but act like they do not have a relationship with the Lord?

There are 4 requirements of us if we are to see the healing of our land:

- We must humble ourselves.
- We must pray.
- We must seek God's face.
- We must turn from our wicked ways.

There are 3 guaranteed results when we meet God's requirements:

- God will hear us.
- God will forgive us.
- God will heal our land.
