

Shine Like Lights, Part 1
"Plug In"
Philippians 2:12-18

Light and darkness are not similar paths.

Disobedience leaves us unplugged from the power source.

There are two disconnections that Christians often overlook:

- Whining
- Arguing

Like headlights on a car, there are two lights that keep us on the road headed in the right direction.

- The low beam for the present is the Word of Life.
- The high beam for the future is the return of Christ

The result of being plugged in and having light is that when you and I can see, we enjoy safety and security.
