

**Walking with Jesus: How does it all begin?
Our Relationship with Christ Begins When He Opens Our Eyes
John 9

Your tragedy can result in your greatest victory and God's glory.

It all starts with being able to see with spiritual eyes.

The world that does not know Christ will always doubt your story but you will know the truth of what God did for you.

Those that do not know forgiveness always argue over who is the greater sinner.

True faith always results in true worship.
